Mariana Butte Golf Course New Clubhouse Opening

The City of Loveland Parks & Recreation Department announces the opening of the new clubhouse at Mariana Butte Golf Course. The project as designed by John Williams Architects, P.C., and built by Drahota Commercial, L.L.C, began in November, 2008 and opened, as scheduled, May 12, 2009.

The 8,988 sq. ft. facility features a 1,100 sq. ft. pro shop, two covered decks, a large dining room which can be closed off to form two separate rooms, a full restaurant and bar operating as *Stone Ridge Grille at Mariana Butte*, which is open for breakfast, lunch and dinner.

Golfers will continue to be the primary patrons of the facility but because of its design and amenities, the clubhouse and restaurant are available for meetings, events or holiday gatherings. The Mariana Butte Golf Course and Clubhouse is located at 701 Clubhouse Drive, Loveland. Stone Ridge Grille contact is Dan Timm at (970) 635-1985.
